Hi there, just wanted to reach out to say that your adsets are doing fantastic and I am getting a lot of quality customers. I was wondering if you would be able to send an offer to manage them. You are true genius and would love to work with you again. Anyways, quote your price

Good communication and explains things fairly easy. Haven't completed the campaign yet but so far it's been a good partnership.

Rahul is very professional and helpful. I was leery of working with someone to help with my agency Facebook ads, but I trust Rahul completely. I highly recommend working with him. You will not regret it.

Highly recommend Rahul. He was very enthusiastic to work with us and was willing to schedule within our limited availability for meetings. Quick with responses and with producing the final ads. We will be using him in the future!
